  - Revelstoke City Council, at its regular July 26, 2016 meeting, passed the following resolution of support:
    - o *THAT City Council recommends to the CSRD Board that \$100,000 be allocated from the Economic Opportunity Fund to the Revelstoke Nordic Ski Club to assist the Club with the purchase of a new groomer.*
  - Information relating to this EOF request is attached and is supported by the Electoral Area B Director.
  - The Nordic trails have become a major tourist attraction in the community. The tourists that visit Revelstoke to participate in Nordic skiing generate significant tourism dollars which are of great benefit to the local economy. The total cost of the groomer is over \$300,000 and the club has obtained other funding for the purchase already.
  - The Nordic trails are maintained by volunteers from the Revelstoke Nordic Ski Club, a non-profit organization, and the existing groomer is very old and is expensive to operate. It would be a good use of the EOF funds to support the club to purchase this piece of equipment which is needed to maintain the trails in good condition which then provides a high quality visitor experience.
